

FUTURESCAPES

Forge your future

Embark on a thrilling journey of self-discovery.

This card game immerses players in a dynamic, futuristic world where they explore career and education pathways, confront unexpected life events, and align their actions with their personal values.

Your decisions shape your narrative, delivering a unique and deeply reflective gaming experience. Time is a precious commodity, to be used wisely and investment in yourself will help you forge your future.

By the end of the game, you will have found your voice and told your story.

In real life, the cards you're dealt determine the odds of your success.

It's how you play those cards that truly counts.

The journey begins with one step. Enjoy the journey. After all, the future is what we make of it.

- Futurescapes is not just a board game, but a medium of self-exploration and a window into the future. As players journey through life's various stages, they experience the interplay of personal values, skills, education, life events, and external influences in shaping their future. The game emphasizes the significance of each decision, mirroring real-life dynamics.
- In Futurescapes, every game unfolds a unique story, an individual narrative of trials, triumphs, and self-discovery. Every choice, every event has a ripple effect, shaping the course of your character's life, imbuing players with valuable life lessons and insights into the complexity of life's decisions.
- By allowing students to explore diverse career pathways and education options, and experience the ramifications of their decisions, Futurescapes offers an immersive and enlightening experience.
- It's a journey of self-reflection that starts with a single step. A step towards the future.

Time, not money is the precious resource

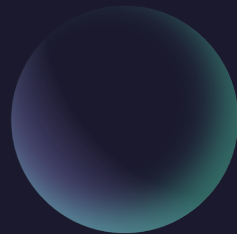

Time Chips represent the finite nature of time in our lives. Every action you take, every path you choose, costs Time chips, reflecting the trade-off that comes with every decision in life.

Time moves on, unstoppable and unrelenting. Like the gears of a clock, it ticks away, bringing change and leaving memories in its wake.

Forge your future by investing in yourself

Forge Chips represent personal growth and self-investment. Activities like hobbies, extra-curricular activities, and educational pursuits earn you Forge chips, which can be invaluable during significant life events or when choosing occupations.

Play with your values in mind

Values are the compass that guide us through life's complex maze. They are the stars we navigate by, helping us decide where we want to go and who we want to be.

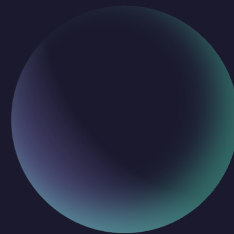

Values can also serve as a moral compass, guiding our actions when we face difficult decisions or moral dilemmas. While the interplay of values can be complex, even conflicting at times, wrestling with these challenges can foster personal growth and deepen our understanding of ourselves and the world around us.

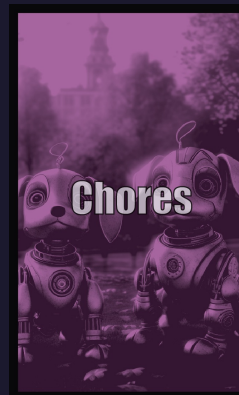

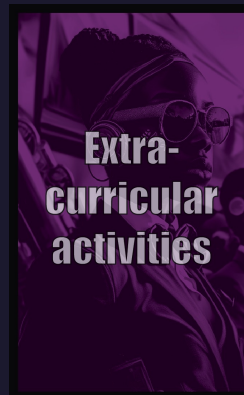

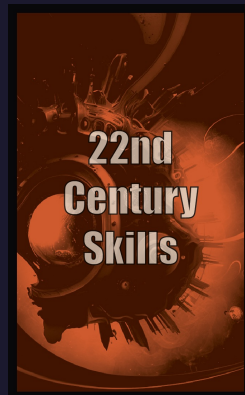

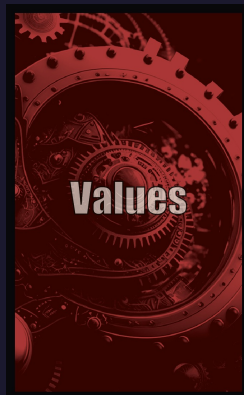

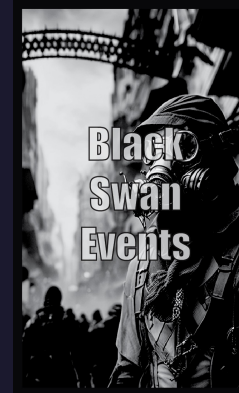

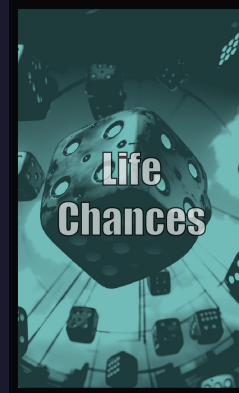

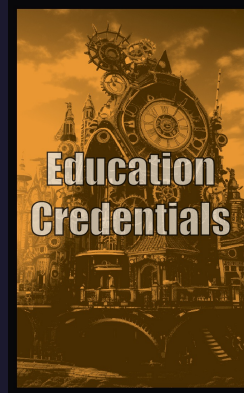

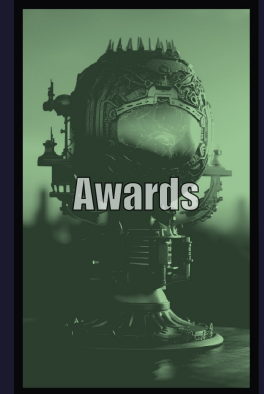

Chaos is a natural part of life

"Life is what happens to us while we are making other plans." - Allen Saunders

Life is not linear. Your personal situation, environment and unpredicted events can bring about change in your life, often unexpectedly. Handling chaos adds a layer of complexity to your life narrative, influencing your emotional well-being, relationships, and even your career or educational journey.

Choose your OWN adventure...

...and reflect on your journey
